A reliable companion in old age

The comfort insert bed Lindeo from Stiegelmeyer can be placed into an existing bed frame and offers all the amenities of an electrically adjustable bed. This makes the Lindeo a reliable companion in old age. With the right accessories, it meets all requirements over the years and makes life considerably more pleasant.
1. Accessories

**Mobilisation aid**
The practical mobilisation aid supports the process of getting in and out of bed. It can be flexibly mounted at the sides of the chassis.

**Adaptable feet**
The adaptable feet for a 7 cm height increase are suitable for higher bed frames and enhance the ground clearance to enable the use of a lift.

**Lifting pole**
The lifting pole can be inserted into one of the two adaptor sleeves at the head end. It facilitates getting up and comfortable positioning.
