# Optimo

Design with function

Optimo combines sophisticated contemporary design with enhanced functionality. Its attractive clean lines go hand in hand with ergonomic advantages. Curved armrests and convenient stylish handles blend harmoniously with the range's attractive round-edged design. With its ergonomic seat and back, and a spring loaded backrest, Optimo offers the ultimate sitting

experience. Its model diversity and numerous optional extras make Optimo a comprehensive range that allows every furnishing desire to be realised. Every model can be optionally supplied with metal, plastic or felt gliders. Please indicate your preference when ordering.
